Medley Capital Corporation Stockholder Demands Company Records, Explores Potential Wrongdoing in Adjournment of Special Stockholder Meeting

NexPoint-Affiliated Fund Makes Request Under Section 220 of the Delaware General Corporation Law, Seeks to Investigate Abrupt Change to Bylaws and Concurrent Meeting Adjournment, Among Other Concerns

DALLAS, February 28, 2019 – An investment vehicle affiliated with NexPoint Advisors, L.P. (“**NexPoint**”) issued a demand today to Medley Capital Corporation (“**MCC**” or the “**Company**”) to make its books and records available for inspection. The investment vehicle, Highland Select Equity Master Fund, L.P. (“**Select Fund**”), which is an owner of common stock of MCC, makes the request under Section 220 of Delaware General Corporation Law (the “**DGCL**”), as it seeks to investigate potential wrongdoing in the adjournment of the special meeting of stockholders, originally scheduled for February 8, 2019 (the “**February 8 Meeting**”).

Select Fund raises concerns about the Company’s board of directors (the “**Board**”) and their actions leading to the February 8 Meeting adjournment. This includes, among other things, the decision to amend the bylaws of the Company (the “**Bylaws**”) on February 6, 2019 (the “**February 6 Amendment**”), which Select Fund believes improperly enabled the adjournment, which may not have passed a stockholder vote.

The agenda for the February 8 Meeting included a shareholder vote on a merger with affiliate Sierra Income Corporation (“**Sierra**”), pursuant to which the Company would merge with and into Sierra, which would then continue as the surviving company following the transaction (the “**MCC Merger**”). Both Sierra and MCC are controlled, directly or indirectly, by Medley Management Inc. (“**MDLY**”), a publicly-traded asset management firm. The closing of the MCC Merger is contingent upon MDLY merging with and into a wholly owned subsidiary of Sierra (the “**MDLY Merger**”).

The Company announced on February 5, 2019 that it intended to adjourn the February 8 Meeting (the “**February 5 Announcement**”) “in light of the U.S. government shutdown” that occurred between December 22, 2018 and January 25, 2019 (the “**Government Shutdown**”). According to the Company, the Government Shutdown hindered the review and/or approval of documentation required to close the mergers, but notably, not to hold the February 8 Meeting. At the time of the February 5 Announcement, the Bylaws did not grant anyone other than stockholders the ability to adjourn a stockholders’ meeting, meaning that, the vote of a majority of stockholders (even if less than a quorum) would have been required to adjourn the February 8 Meeting. Select Fund believes the February 6 Amendment changed this requirement without the consent of stockholders, giving “the Chairman of the meeting... the authority in his or her discretion to regulate the conduct of any such meeting, including, without limitation, convening the meeting and adjourning the meeting (whether or not a quorum is present)...”

Select Fund believes the decision to adjourn the February 8 Meeting—and more specifically, the Board’s role in facilitating it through the February 6 Amendment—was carried out in the interest of MDLY and its stockholders to the detriment of stockholders of MCC.

Considering the requirements of the MCC Merger (including the express terms of the merger agreement related to the MCC Merger), the Government Shutdown is not a viable excuse for the February 8 Meeting adjournment. Instead, Select Fund believes the Company sought to delay the February 8 Meeting because of the likelihood of a vote against the MCC Merger were the meeting to proceed as scheduled. The Board, complicit in this delay, appears to be in violation of its fiduciary duties by promoting the interests of MDLY and preventing MCC stockholders from rejecting the MCC Merger.

With its inspection demands, Select Fund seeks to investigate these concerns, along with other potential issues related to the February 8 Meeting adjournment and the February 6 Amendment.

All purposes of Select Fund’s demanded inspection are described in Select Fund’s demand, which is attached hereto.

Re: Stockholder Inspection Pursuant to Section 220 of the DGCL

Dear Chairman:

I am writing to you on behalf of Highland Select Equity Master Fund, L.P. ("Select Fund"). Select Fund is the beneficial owner of 100 shares of common stock of Medley Capital Corporation (the "Company"). Pursuant to Section 220 of the Delaware General Corporation Law (the "DGCL"), Select Fund, hereby demands that the Company make available for inspection and copying the Books and Records of the Company described in Exhibit 1.

Background Facts

On August 9, 2018, the Company entered into an Agreement and Plan of Merger (the "Merger Agreement") with Sierra Income Corporation ("Sierra"), pursuant to which the Company would merge with and into Sierra, with Sierra continuing as the surviving company in the merger (the "MCC Merger"). The Company is an affiliate of Sierra, as the investment managers of both Sierra and the Company are controlled (directly or indirectly) by Medley Management Inc. ("MDLY"), a publicly traded asset management firm. According to the Merger Agreement, the closing of the MCC Merger is contingent upon MDLY merging with and into Sierra Management, Inc., a wholly owned subsidiary of Sierra ("Merger Sub"), with Merger Sub as the surviving company in the merger (the "MDLY Merger").

On December 21, 2018, the following occurred: (i) Sierra's registration statement on Form N-14 (that included a joint proxy statement (collectively, the "Joint Proxy Statement and Prospectus") of Sierra, the Company and MDLY) was declared effective by the Staff of the Securities and Exchange Commission (the "SEC"); and (ii) the Company filed the definitive Joint Proxy Statement and Prospectus with the SEC (Items (i) and (ii) being referred to as the "Stockholder Meeting Requirements").

According to the Joint Proxy Statement and Prospectus, the Company set a record date of December 21, 2018 (the “December Record Date”) for a special meeting of the Company’s stockholders, which was originally to be held on February 8, 2019 (the “February 8 Meeting”). The agenda for the February 8 Meeting included a stockholder vote on the MCC Merger as well as a vote on the adjournment of the February 8 Meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes to approve the MCC Merger.

On December 22, 2018, the United States government entered into a “shutdown,” which lasted until January 25, 2019 (the “Government Shutdown”).

On February 5, 2019—ten days after the end of the Government Shutdown, and only three days before the scheduled meeting—the Company announced that it intended to adjourn the February 8 Meeting, stating without further explanation that “[d]uring the shutdown, key branches of the U.S. Government were unable to process, review and/or approve documentation required to close the mergers.” The Company announced its intentions to (1) reschedule the special meeting for early March, (2) continue to solicit proxies, but (3) nevertheless maintain the December Record Date for the rescheduled meeting. The Stockholder Meeting Requirements were (and remain) – to the best knowledge of Select Fund – the only United States governmental actions required for MCC to hold its stockholder meeting to approve the MCC Merger. In fact, pursuant to Page A-47 of Joint Proxy Statement and Prospectus, the Merger Agreement states “. . . MCC shall, as soon as practicable **following the effectiveness of the Form N-14 Registration Statement**, duly call, take any action required by the DGCL, the MCC Certificate, or MCC Bylaws and any applicable requirements of the SEC or the NYSE necessary to give notice of, convene and hold, as promptly as practicable, the MCC Stockholder Meeting for the purpose of obtaining MCC Stockholder Approval” (emphasis added). The Merger Agreement itself included no other required governmental actions before the Company **was required** to have held its stockholder meeting to approve the MCC Merger.

At the time of the February 5 Announcement, the bylaws of the Company (the “Bylaws”), did not grant anyone other than stockholders the ability to adjourn a stockholders’ meeting, meaning that, the vote of a majority of stockholders (even if less than a quorum) would have been required to adjourn the February 8 Meeting. Thus, notwithstanding its desire to adjourn the February 8 Meeting, the power to do so on February 5 rested with the Company’s stockholders. On February 6, 2019, however, the Company’s board of directors (the “Board”) purported to unilaterally amend the Bylaws regarding the conduct of meetings:

“Unless otherwise determined by the Board prior to the meeting, **the Chairman** of the meeting shall determine the order of business and **shall have the authority in his or her discretion** to regulate the conduct of any such meeting, **including**, without limitation, convening the meeting and **adjourning the meeting (whether or not a quorum is present)**, announcing the date and time of the opening and the closing of the polls for each matter upon which the stockholders will vote, imposing restrictions on the persons (other than the stockholders of record of the Corporation or their duly appointed proxies) who may attend any such meeting, establishing procedures for the transaction of business at the meeting (including the dismissal of business not properly presented)”

(emphasis added) (the “February 6 Amendment”). The Company has disclosed that, following the passage of the February 6 Amendment, the Company formally adjourned the February 8 Meeting.

Select Fund believes that the decision to adjourn the February 8 Meeting and the Board’s adoption of the February 6 Amendment to effectuate such decision cannot be the product of rational or disinterested corporate decision-making. Against a well-publicized background of stockholder opposition, including recommendations AGAINST the MCC Merger by leading independent proxy advisory firms Institutional Shareholder Services and Glass Lewis, Select Fund believes that the Company recognized that it did not have enough “For” votes to accomplish the MCC Merger, and is attempting to use the Government Shutdown and an ill-conceived amendment to the Bylaws to make an end run around the requirements of DGCL § 213 in an effort to salvage the MCC Merger. Therefore, we believe that the Board breached their fiduciary duties when they adopted the February 6 Amendment and adjourned the February 8 Meeting because they were acting in the best interest of MDLY and its stakeholders, rather than the stockholders of the Company who we believe rejected the MCC Merger. The Board’s independence has been specifically called into question for its unwillingness to seek alternative transactions to the MCC Merger (and related MDLY Merger), or even engage with third parties that have proposed alternative transactions. Two members of the Board, Messrs. Brook (also Chairman of the Board and Chief Executive Officer of the Company) and Seth Taube, are also MDLY’s co-Chief Executive Officers and will receive more than \$75 million in cash in connection with the MCC Merger. Further, Select Fund believes that the Company’s disclosure in connection with the foregoing was materially misleading and was a violation of Rule 10b-5 of the Securities Exchange Act of 1934 (“Rule 10b-5”), and the Board’s fiduciary duty to be truthful when communicating with stockholders.

Proper Purposes

As explained more fully below, the purposes of the demanded inspection are:

1. To investigate potential mismanagement, wrongdoing and/or breaches of fiduciary duties by members of the Company’s Board or others in connection with adjourning the February 8 Meeting and/or the February 6 Amendment;
2. To investigate wrongdoing, violations of Rule 10b-5 and/or breaches of fiduciary duties in connection with the disclosures disseminated to the Company’s stockholders concerning the adjournment of the February 8 Meeting and/or the February 6 Amendment;
3. To evaluate the extent to which the Government Shutdown had a material effect on the Company’s ability to proceed with a stockholder vote at the February 8 Meeting;
4. To evaluate the state of the voting at the time that the Company decided to adjourn the February 8 Meeting;

5. To evaluate the deliberations undertaken by the Board in connection with the passage of the February 6 Amendment;
6. To evaluate the deliberations of the Chairman of the Board or others in adjourning the February 8 Meeting;
7. To initiate litigation or take other appropriate action in the event certain directors or others did not properly discharge their duties to the Company and its stockholders;
8. To assess the suitability of the members of the Board to continue in office, to assess the advisability of proposing changes in the members of the Board, and to facilitate informed voting in any election of directors;
9. To assess the advisability of proposing governance reforms in light of the February 6 Amendment and the adjournment of the February 8 Meeting, including, without limitation, reforms concerning stockholder approval of significant corporate transactions or the conduct of stockholder meetings; and
10. Communicating with other stockholders regarding the foregoing.

According to 8 *Del. C.* § 220(b)(2), a “proper purpose” shall mean a purpose reasonably related to such person’s interest as a stockholder. Each of the above purposes is a proper purpose. Under Delaware law, it is well established that a stockholder’s “desire to investigate wrongdoing or mismanagement is a ‘proper purpose’” for a books and records demand. *Seinfeld v. Verizon Commc’n Inc.*, 909 A.2d 117, 121 (Del. 2006) (citing *Nodana Petroleum Corp. v. State ex rel. Brennan*, 123 A.2d 243, 246 (Del. 1956)). Investigating mismanagement is proper “because where the allegations of mismanagement prove meritorious, investigation furthers the interest of all stockholders and should increase stockholder return.” *Id.* (citing *Saito v. McKesson HBOC, Inc.*, 806 A.2d 113, 115 (Del. 2002)). Select Fund has the requisite “credible basis” for suspecting wrongdoing or mismanagement in connection with the February 6 Amendment, the adjournment of the February 8 Meeting and the disclosures made in connection therewith. Further, investigating the suitability of directors is another recognized proper purpose. *See Pershing Square, L.P. v. Ceridian Corp.*, 923 A.2d 810, 818 (Del. Ch. 2007). So too is communicating with stockholders about matters of corporate concern, particularly in connection with a pending stockholders’ meeting. *See Devon v. Pantry Pride, Inc.*, 1984 WL 8250, at *2 (Del. Ch. Nov. 21, 1984). These proper purposes establish unequivocally our right to the information requested below.
