NexPoint Advisors Enhances Medley Capital Corporation Proposal, Urges Remaining Independent Directors to Consider Offer

NexPoint sends letter to MCC Special Committee to propose enhancements, reiterate willingness to negotiate on proposal terms

DALLAS, April 1, 2019 – NexPoint Advisors, L.P. (“**NexPoint**”) announced today it has proposed to Medley Capital Corporation (“**MCC**” or the “**Company**”) a number of enhancements related to its original proposal to become MCC’s external investment advisor (the “**Proposal**”). NexPoint continues to urge the remaining members of the Special Committee (the “**Special Committee**”) of the MCC Board of Directors (the “**Board**”) to consider the Proposal, which NexPoint believes represents the best option for MCC stockholders as compared to every other alternative available to the Company.

NexPoint communicated its proposed enhancements in a letter to the Special Committee (attached here), reiterating its willingness to negotiate on Proposal terms.

The Board and the Special Committee’s previous refusals to engage with NexPoint and adequately review the Proposal were denounced by the Court of Chancery of the State of Delaware (the “**Court**”). On March 11, 2019 the Court issued a Memorandum Opinion that found that the Board violated its fiduciary duties for its failure to negotiate with NexPoint, among other reasons.

Despite the Court’s findings, NexPoint believes the Special Committee can still act in the best interest of stockholders and fulfill its fiduciary duties by considering the Proposal, especially given the latest enhancements.

NexPoint stands ready to engage with the Special Committee immediately to negotiate and finalize the Proposal, and believes that the Proposal represents the best option for MCC stockholders.

Re: NexPoint Proposal

Dear Ms. Hirtler-Garvey & Mr. Ainsberg:

NexPoint Advisors, L.P. (“**NexPoint**”, and together with its affiliates, “**we**”), is writing the two of you, as the only remaining members of the Special Committee (the “**Special Committee**”) of the Board of Directors (the “**Board**”) of Medley Capital Corporation (“**MCC**” or the “**Company**”) to reiterate our willingness to negotiate with the Special Committee and to propose enhancements to the terms of our original proposal to become the external investment advisor of MCC (the “**Proposal**”). We believe this offer (even before any negotiations with the Special Committee) represents the best alternative for your stockholders as compared to every other alternative available to the Company.

As we are sure you’re both well aware, on March 11, 2019, the Court of Chancery of the State of Delaware (the “**Court**”), handed down a Memorandum Opinion (the “**Opinion**”), which, among other things, enjoined the vote of the stockholders of the Company with respect to the proposed merger (the “**MCC/Sierra Merger**” and the underlying Merger Agreement dated August 9, 2018, the “**MCC/Sierra Agreement**”), between the Company and Sierra Income Corporation (“**Sierra**”). The Court’s opinion was – frankly – scathing, finding that the Board violated its fiduciary duties for (among other reasons) its failure to negotiate with us in any way. **LET US HELP YOU CORRECT THAT FLAGRANT BREACH OF YOUR FIDUCIARY DUTIES AND DO WHAT IS IN THE BEST INTEREST OF YOUR STOCKHOLDERS – ENGAGE WITH US NOW.**

First and foremost, we urge you to NOT approve any extension of the “Outside Date” of March 31, 2019. Even though the Court stated that “the deal protections [in the MCC/Sierra Agreement] are not within the range of reasonableness”, rather than creating a potential contractual issue with Sierra, you should terminate the MCC/Sierra Agreement now (which would be without liability to MCC) so that you can negotiate with us.¹

¹ See pages 48-50 of the Opinion. In the alternative, you could agree not to terminate the MCC/Sierra Agreement so long as Sierra agrees that the definitions of “Competing Proposal” and “Superior Proposal” would cover this Proposal.

As noted above, we have enhanced our Proposal since it was last presented, and we remain eager to engage with the Special Committee on each and every aspect of the Proposal. We also stand ready to negotiate an external management agreement with Sierra and MCC on a combined basis, and have prepared enhanced terms of that proposal (the "Post Merger Proposal") which are set forth on Exhibit A hereto.

The Proposal:

1. External Investment Advisory Agreement between MCC and NexPoint:

- Reduced annualized management fee of 1.25% on the gross assets of the Company.
- Reduced incentive fee of 15% on income and capital gains (with retention of the current hurdle rate of 2.1875%).
- Implementation of an Expense Cap of 0.50%².
- We expect these terms result in an aggregate annual savings to the Company's stockholders of approximately \$5.7 million (based on assets as of September 30, 2018) over the Company's current fee arrangement and expense reimbursement.

These savings would inure directly to the benefit of the Company's stockholders, and we believe will help eliminate some of the discount in the Company's shares (we believe a large part of the remaining discount results simply from Medley Management, Inc. being your manager, which our Proposal also addresses).

Finally, we believe that remaining an externally managed Business Development Company ("**BDC**"), mitigates potential conflicts of interest in a manner that benefits stockholders and is responsive to the concerns voiced by the Court and many large stockholders.

2. \$10 Million Payment from NexPoint to the Company

- Upon execution of the investment advisory agreement with NexPoint, we will make a one-time \$10 million payment to MCC.
- The \$10 million injection would inure directly to the benefit of MCC's stockholders and would represent the equivalent of a 5.7% increase of \$0.18 on a per share market value of \$3.22.

3. NexPoint will purchase at least \$30 Million of MCC shares

- One-third of which would be made during the 60 days following the transaction, an additional one-third of which would be made during the following 90 days, and the final one-third of which would be made during the following 90 days, in each case either in open market purchases at the then current market price, if below net asset value ("NAV"), or directly from the Company at NAV.

² "Expense Cap" means that NexPoint will pay, absorb or reimburse the ordinary operating expenses of the Company (the "Ordinary Operating Expenses"), to the extent necessary so that, for any fiscal year, the Company's Ordinary Operating Expenses do not exceed 0.50% per annum of the Company's average daily gross assets.

- We believe these purchases will further align our interests with stockholders, and will provide liquidity to support trading prices of the Company's common stock.

Benefits of the Proposal

1. Replaces Management with a Top Quartile Manager with a Track Record of Success

- NexPoint-advised funds include:
 - NexPoint Strategic Opportunities Fund's ("NHF"), which has returned a cumulative 124% from September 2012 through December 31, 2018, while MCC is down over 59% during the same time period.
 - NexPoint Residential Trust, Inc. ("NXRT"), which spun out from NHF in 2015, has returned 204.1% since the spin-off.
 - NexPoint Capital, Inc., the NexPoint-advised non-traded BDC, has returned 24.5% since inception (September 2014).

2. Appoints an Adviser with Unrivaled Expertise

- Our team not only has decades of experience in managing credit investments and originations, but also has unrivaled expertise in maximizing value in stressed and distressed investments and is therefore well positioned to maximize the value of the Company's portfolio. In addition, as one of the country's largest and most experienced credit managers, we are well positioned to successfully manage MCC's portfolio of secured floating rate instruments.
- We also have significant acquisition experience and have continued to provide investors with unique opportunities to create stockholder value.
 - In 2017, Highland Capital Management Fund Advisors, L.P., an affiliate of NexPoint ("HCMFA"), successfully completed the unprecedented conversion of a 1940 Act registered open-end mutual fund, the Highland Floating Rate Opportunities Fund ("FRO"; NYSE:HFRO), to a closed-end fund in order to preserve for FRO's existing stockholders a \$279 million judgment in favor of the fund.
 - In 2015, the spin-off of NXRT from NHF, noted above. Investors that held their NHF and NXRT shares through and after the spin-off have experienced a combined 250% return since September 25, 2012.
 - Most recently, HCMFA successfully completed the conversion of another open-end mutual fund, Highland Global Allocation Fund (NYSE:HGLB), to a closed-end fund in order to preserve the fund's access to a unique private equity-style asset that the fund would have otherwise been required to sell due to new liquidity guidelines governing open-end funds.

3. Compensates Stockholders instead of Management

- The Proposal provides nearly \$68.5 million of consideration that inures directly to the benefit of MCC's stockholders, including \$10 million of immediate cash, \$30 million in share purchases and over \$28.5 million of aggregate fee and expense savings over at least the next five years.
- The Proposal eliminates the inappropriate valuation disparity present in the MCC/Sierra Merger and also ensures that more than \$100 million of cash is properly retained by the Company as opposed to being paid as merger consideration to Medley Management Inc.'s stockholders.

4. Unprecedented Stockholder Loyalty Program.

- To promote loyalty and long-time alignment of interests among stockholders, NexPoint offers an incentive to investors that buy and hold shares of its advised funds for a period of at least twelve months through its Stockholder Loyalty Program. For example, if a participant contributes \$10,000 to his or her account during a defined trading period to purchase shares and NexPoint has determined the participant's gross-up will be 2%, NexPoint will make a corresponding contribution of \$200, or 2% of the total \$10,000, to purchase additional shares for the participant.

NexPoint continues to be interested in pursuing our Proposal with the Company and stands ready and able to negotiate. Based upon what we have outlined above, we believe that you have a fiduciary obligation to negotiate with us, and the MCC/Sierra Agreement should not create an impediment to doing so.

We have retained advisors to assist us with the Proposal. We are ready to engage immediately and anticipate that we could proceed with negotiating and finalizing an agreement with respect the Proposal expeditiously.

You still have a chance to act in the best interest of stockholders and fulfill your fiduciary duties by engaging with us with respect to the Proposal. WE URGE YOU TO DO SO IMMEDIATELY.

We hope to meet with you or to discuss by phone all aspects of either Proposal. Please contact Thomas Surgent as soon as possible (phone: (972) 419-6205, email: tsurgent@NexPointAdvisors.com).

Regards,

Option B: The Post-Merger Proposal

 - Reduced annualized management fee of 1.25% on the gross assets of the Surviving Company.
 - Reduced incentive fee of 15% on income and capital gains (with retention of the current hurdle rate of 2.1875%).

- 2. \$25 Million Payment from NexPoint to the Company**
 - Upon execution of the investment advisory agreement with NexPoint, we will make a one-time \$25 million payment to the Surviving Company.

- 3. NexPoint Will Purchase at Least \$50 Million of the Surviving Company’s Shares.**
